**About Beverly Goldsmith: Practitioner of Christian Science healing**

Beverly's path to spiritual healing began as a young teenager when she saw her mother and grandmother healed of chronic ailments by reading [Science and Health with Key to the Scriptures](#) by [Mary Baker Eddy](#). Beverly also read the book and was quickly healed of [migraine headaches](#) and multiple warts on her fingers. She has [relied exclusively](#) on this system of healing for her health and well-being ever since.

Prior to becoming a [Christian Science practitioner](#), Beverly had a successful [singing career](#). As the vocal instrumental duo "The Temple Two", she and her brother entertained US troops in the [Vietnam War](#) in the show "Sugar & Spice". Beverly [prayed](#) her way through 133 shows in 120 days. Returning to Australia, the Temple Two disbanded. Beverly married and for a short time taught [music and drama](#) in high schools.

Having successfully experienced protection and healing as a result of her prayerful application of Mary Baker Eddy's system of spiritual healing, Beverly decided to leave the music field to devote her life entirely to helping others as a [Christian Science Practitioner](#). Having undertaken the [course](#) in Christian Science healing in her teens, she started her healing ministry by joining other practitioners in sharing a public office in Adelaide, South Australia. Shortly after, she began advertising her professional healing practice in the [Christian Science Journal Directory](#).

Today, some 30 years later, Beverly continues to be occupied full-time in helping individuals around the world find happiness, health, and healing. She offers treatment to those wanting to rely on Christian Science healing - a system of health-care for the whole person based on spirituality.

This prayer-based, spiritual treatment results in healing - that is the resolution of relationship, business, or financial problems, physical cure, or a life changed for the better. Through it worry, stress, depression, illness, injury, and the turmoil of disease can be overcome. Spiritual power heals anxiety, pain, and chronic ailments. It doesn't require medicine or other remedies.
